readjustment. If the county is not so "well off" as it might have been had it sold all its wheat at just the right time, it is nevertheless in no danger of experiencing the parous times incident to the genuine panics of an unlamented past.

A comparison of the statements of the banks of Umatilla county as recently published, shows on the whole a satisfactory and healthy condition. In most instances the figures inspire an encouraging outlook.

In particular, The First National Bank of Athena is well to the front. With but \$17,000 rediscounts, no bills payable and a good, large cash reserve, it very probably has the most creditable showing of any bank in the county.

All in all, the people of this section—with the prospects for a good crop and a fair price combined with the knowledge of the community's financial strength—have just reason for thankfulness, confidence and hope.

### Juniors Entertain Seniors

One of the attractive social events of the week was the banquet given Senior class members and High school faculty by the Junior class, Wednesday evening in the High school reception rooms. A color scheme of green and gold, colors of the class of 1921, was carried out in floral decorations, table appointments and menu dainties. Arden Lucas acted as toastmaster, and the following toasts were given:

To the School—Harold Phinney.  
 Response—Prof. F. C. Fitzpatrick.

To the Seniors—Miss Mina Price.  
 Response—Claude Snider.

To the Faculty—Maynard Jones.  
 Response—Miss Esther Husbands.

Miss Frank Harris Davis, Junior class adviser, was responsible for the affair, which was delightful in every particular. The guest list included: Prof. and Mrs. F. C. Fitzpatrick; Misses Lurline Brown, Frank Harris Davis, Esther Husbands, Orrille William, Mina Price, Virginia Key, Helen Johnson; Messrs. Harold Phinney, Claude Snider, Anson Payne, Arden Lucas, Walter Rayborn, Leonard Bulfinch, Miller Rayborn and Maynard Jones.

### Notice of Final Account.

In the County Court of the State of Oregon for Umatilla County. In the Matter of the Estate of Enos J. Crips, Deceased.

NOTICE IS HEREBY GIVEN to all persons whom it may concern that Georgie Crips, Administratrix of the Estate of Enos J. Crips, deceased, has filed her final account and report in the administration of the estate.

That the County Judge, by order duly made and entered, has appointed Tuesday, the 14th day of June, 1921, at the hour of Ten o'clock in the forenoon, as the time and the County Courthouse at Pendleton, as the place where all objections and exceptions to the said final account and report will be heard and a settlement of the estate made.

Dated this 13th day of May, 1921.

may keep in mind the admirable qualities of the German people and attribute their great crime to the character-marring effects of years of diabolical and sinister propaganda.

At the same time we are not to suppose that the penalty exacted is unjust. The indemnity amounts to the staggering sum of \$500 per capita. Yet the war debt of France is no less than \$1000 per capita, of Great Britain \$850 and of the United States \$240. These huge burdens are the direct result of Germany's desire to dominate the world, and had she won she would have exacted greater sums from the victims of her power than she is now required to pay. The point is that Germany in admitting her guilt through bowing her head to the hand of punishment, is entitled to the grace of forgiveness. And it should be remembered that in her submission she settles the greatest world problem of the day.

Scientists have now demonstrated the actuality of the aura, but are unable to materialize it as a pawnable asset in these times of uneasy money.

We're somehow expecting to hear about King George, Lloyd George and George Harvey eating off the same plate.

Russian Red leaders are reported to be falling out—which is all well enough if they don't fall out on us.

It will be well enough now to let up on Germany but not to let Germany up—as a military power.

### A GOOD SHOWING.

(Athena Press.) It is evident that Umatilla county is passing with slight embarrassment through the trying financial ordeal incident to the post-war period of

bonus of \$15 for each month of actual service; and in no case is the cash bonus to exceed \$500 to each individual.

It is conservatively estimated that not more than ten percent of the enlisted men of Oregon would choose the cash bonus in lieu of the loan, which would be made by the state at four percent interest.

The real cost to the state would be the amount paid in cash bonus, and the difference between four percent and normal interest rates; and it is conceded that the money loaned the service men and by them turned into the industrial and development channels of the state would add much more to Oregon's wealth than the comparatively small amount required to offset the difference in the rate of interest.

Provision is made that in event Congress provides a national cash bonus before the Oregon constitutional amendment becomes effective, the state would pay no cash bonus.

From every angle the measure is meritorious. It recognizes the obligation the commonwealth owes its soldiers, and its provisions—drawn on conservative lines—should meet with the approval of the taxpayer.

### CHARITY FOR THE ERRING.

Germany's full and complete compliance with the reparations terms of the allies should be followed by a certain respect for her feelings not hitherto observed by the people and press of the United States. In other words, there is no profit in probing post-war sores so long as the German republic keeps its pledge to make restitution. It is too much perhaps to expect of France to forgive her ancient enemy the awful ravages in the fair land of the tricolor occasioned by a war as stupid as it was bloody. But we on this side

### THE BONUS MEASURE.

Of the five measures referred by the legislature at its last session to be decided at the special election on June 7th, three affect the constitution. The five measures are:

Enabling governor to veto emergency clause without impairing remaining sections of act; compulsory marriage examination and license bill; providing for lengthening legislative sessions and increasing compensation of legislators; qualifying women to sit as jurors; creating world war veterans' state aid fund and providing choice of cash bonus of \$15 a month or loans not to exceed \$4000.

The latter measure, known as the Bonus Measure, is the most important of the five, and affects approximately 34,000 Oregon men who bore the brunt of battle.

This measure, providing for the creation of a state aid fund, authorizes the state to issue bonds to the extent of three percent of the assessed valuation of all property to raise money to be loaned in amounts of not more than \$4000, or paid as a
